

# YOUR GIFT AT WORK

## Calgary Police Half Marathon

2020/21 was a year that demonstrated the resiliency of Mount Royal University students, staff, faculty and the community at large. The MRU Foundation was able to stop, pivot and adapt to a new way of doing things while still support MRU students. And it's because donors like you continued your generosity.

You stepped up to invest in MRU students and for that we are truly grateful. Students are our future, and your belief in their potential is what makes the Mount Royal University community special.

Thank you.

### 2020-21 Numbers at a Glance

\$5,608,247 raised

42% of gifts supported scholarships, bursaries and other student awards

1,061 students received donor-funded awards

### Did you know?

The average cost of tuition and fees is \$6,500 per year

91% of students who qualify for a bursary do not receive one

MRU students who receive a bursary are twice as likely to graduate

When you give to MRU you change students' lives.

While government grants and student tuition cover the basics of an MRU education, it's the additional programs and supports made possible only through donations that have enabled us to graduate such well-rounded students.

We are so grateful to the Calgary Police Half Marathon – please know that your gifts help make our students the successful employees, volunteers and leaders they go on to become.
