

Calgary Police Half Marathon
5km Training Plan: for beginners (6 weeks) - Run program

Race Date: October 6th, 2024

Training Start Date: Aug 26th, 2024
6 week plan

Dear Runner,

Thank you for signing up for the Calgary Police Half Marathon 5km race. Below you will find a training plan that will allow you to train smartly and build slowly so that come race day you will be ready to tackle the 5km distance and reach a hard earned goal.

A few things you need to know about this plan before you begin. No prior experience is needed. The plan below can be used by anyone new to running or to anyone who could use a little structure and a plan to get to the start line as prepared as possible. Giving your body a little longer to adjust to the weekly increments will allow for growth while lessening any chance of injury. Please try to never run on “back to back” days. This will also allow for optimum recovery days from the impact of running. You may find that you miss a run or two due to “life happening”. That’s ok. Don’t be too hard on yourself. My advice is to just try to not miss 2 run sessions in a row.

A key component to training is the proper footwear and clothing. Let the experts at **The Tech Shop** help you with all of your running needs. There are two locations in Calgary for your convenience: Britannia location - 819 49th Ave SW and the North location - 3855 19th St NW . Get fitted for a proper running shoe and one that is right for you. Your shoes may look brand new but they may have a lot of miles on them. The easiest route to injury is improper footwear. As for clothing, weather can change so quickly in Calgary (or anywhere in Canada where you may find yourself training) that you want to have a few types of layers and options to choose from (again, your local experts at The Tech Shop would love to help) . I believe that as long as you have the proper clothing you can train in any weather condition. With warm weather though it can be easy to overheat so plan your outfit or accessories ahead of time. Don’t forget the sunscreen. Wear a hat when possible and hydrate before, during, and after your runs.

This is a run only program. Although it is not necessary to have any prior experience to use this program it is recommended. If you are a true beginner you may want to check out the Run/Walk program first.

Your easy pace runs are meant to be run at a 4-5 RPE (rate of perceived exertion). Think of a pace where you could carry a conversation.

Enjoy it! Take your time with it! Maybe take pictures along your run to enjoy the beauty in nature. We would love it if you do decide to post your training on social media to follow and tag us on Instagram: @calgarypolicehalf @thetechshopca and @justrunyyc so we can follow along with you in your amazing running journey.

As with all new exercise programs you should consult your physician first if you have any questions or concerns.

- To start each run I would recommend a minimum of 5 minute ‘walking warm up’ to loosen up your body. Then SSR: stop, stretch and recover your Heart Rate before commencing your run.
- Time permitting stretch for 10-15 minutes after each run session
- Active Rest - anything active that doesn’t involve running, ie. walking, hiking, swimming, cross training

****Strength Training exercises:**

Complete the following exercises in a 30 to 40 minute training session. Working on proper form and aiming for 12-15 reps on strength exercises and start with 30 seconds and work upwards on any plank exercises. BW = Body Weight

- Forearm or Push Up position Plank (option to complete on knees)
- Hip Bridges
- BW Squats (or single leg BW squats)
- Alt. Reverse Lunges
- Alt. Lateral Lunges
- Bird Dog
- Clam Shells
- Side Plank (option to complete with bent bottom leg)

*****Strides -** over 100 metres gradually pick up your pace until you finish at ~9 out of 10 RPE. Take a minute to walk recover and repeat
